

Hazard Assessment For PPE

This tool can help you do a hazard assessment to see if your employees need to use personal protective equipment (PPE) by identifying activities that may create hazards for your employees. The activities are grouped according to what part of the body might need PPE. You can make copies, modify and customize it to fit the specific needs of your particular work place, or develop your own form that is appropriate to your work environment.

This tool can also serve as written certification that you have done a hazard assessment as required by OSHA. Make sure that the blank fields at the beginning of the checklist (indicated by *) are filled out (see below, Instructions #4).

Instructions:

1. Do a walk through survey of each work area and job/task. Read through the list of work activities in the first column, putting a check next to the activities performed in that work area or job.
2. Read through the list of hazards in the second column, putting a check next to the hazards to which employees may be exposed while performing the work activities or while present in the work area. (for e.g., work activity: chopping wood; work-related exposure: flying particles).
3. Decide how you are going to control the hazards. Try considering engineering, work place, and/or administrative controls to eliminate or reduce the hazards before resorting to using PPE. If the hazard cannot be eliminated without using PPE, indicate which type(s) of PPE will be required to protect your employee from the hazard.
4. Make sure that you complete the following fields on the form (indicated by *) to certify that a hazard assessment was done:

*Name of your work place

*Address of the work place where you are doing the hazard assessment

*Name of person certifying that a workplace hazard assessment was done

*Date the hazard assessment was done

PPE Hazard Assessment Certification Form

*Name of work place: _____

*Assessment conducted by: _____

*Work place address: _____

*Date of assessment: _____

Work area(s): _____

Job/Task(s): _____

*Required for certifying the hazard assessment.

Use a separate sheet for each job/task or work area

HANDS/ARMS

Work activities, such as:

- baking
- cooking
- grinding
- welding
- working with glass
- using computers
- using knives
- dental and health care services
- other: _____
- material handling
- sanding
- sawing
- hammering

Work-related exposure to:

- blood
- irritating chemicals
- tools or materials that could scrape, bruise, or cut
- extreme heat/cold
- other: _____

Can hazard be eliminated without the use of PPE?

Yes No

If no, use:

- Gloves
 - Chemical resistance
 - Liquid/leak resistance
 - Temperature resistance
 - Abrasion/cut resistance
 - Slip resistance
- Protective sleeves
- Other: _____

FEET/LEGS

Work activities, such as:

- building maintenance
- construction
- demolition
- food processing
- foundry work
- logging
- plumbing
- trenching
- use of highly flammable materials
- welding
- other: _____

Work-related exposure to:

- explosive atmospheres
- explosives
- exposed electrical wiring or components
- heavy equipment
- slippery surfaces
- tools
- other: _____

Can hazard be eliminated without the use of PPE?

Yes No

If no, use:

- Safety shoes or boots
 - Toe protection
 - Electrical protection
 - Puncture resistance
 - Anti-slip soles
- Leggings or chaps
- Foot-Leg guards
- Other: _____
- Metatarsal protection
- Heat/cold protection
- Chemical resistance

BODY/SKIN

Work activities such as:

- baking or frying
- battery charging
- dip tank operations
- fiberglass installation
- irritating chemicals
- sawing
- other: _____

Work-related exposure to:

- chemical splashes
- extreme heat/cold
- sharp or rough edges
- other: _____

Can hazard be eliminated without the use of PPE?

Yes No

If no, use:

- Vest, Jacket
- Coveralls, Body suit
- Raingear
- Apron
- Welding leathers
- Abrasion/cut resistance
- Other: _____

BODY/WHOLE ¹

Work activities such as:

- building maintenance
- construction
- logging
- utility work
- other: _____

Work-related exposure to:

- working from heights of 10 feet or more
- working near water
- working near roadway
- working around heavy equipment
- other: _____

Can hazard be eliminated without the use of PPE?

Yes No

If no, use:

- Fall Arrest/Restraint: Type: _____
- PFD: Type: _____
- HiViz vest / clothing (Class 2)
- Other: _____

LUNGS/RESPIRATORY ¹

Work activities such as:

- cleaning
- mixing
- painting
- fiberglass installation
- compressed air or gas operations
- other: _____
- pouring
- sawing

Work-related exposure to:

- irritating dust or particulate
- irritating or toxic gas/vapor
- other: _____

Can hazard be eliminated without the use of PPE?

Yes No

If no, use:

- N95 Respirator
- Cartridge Respirator
- Other: _____
- Employees Fit Tested

EARS/HEARING ¹

Work activities such as:

- generator
- ventilation fans
- motors
- sanding
- pneumatic equipment
- punch or brake presses
- use of conveyors
- other: _____
- grinding
- machining
- routers
- sawing

Work-related exposure to:

- loud noises
- loud work environment
- noisy machines/tools
- punch or brake presses
- other: _____

Work-related exposure testing

_____decibel level

_____exposure time

Can hazard be eliminated without the use of PPE?

Yes No

If no, use:

- Ear Plugs
- Ear Muffs
- Other: _____
