

OSU CFAES UTV Safety Training Test

Name: _____

Date: _____

Supervisor: _____

1. Before starting a UTV you should:

- A) inspect the machine by walking around it
- B) make sure you understand the instrument panel and controls
- C) make sure everyone is clear of the machine
- D) all of the above

2. True or False? The all terrain tires on a UTV are inflated to 20 psi or greater.

- A) True
- B) False

3. If traveling on a slope cannot be avoided:

- A) travel perpendicular to the slope
- B) travel straight up and down a slope
- C) Both A and B
- D) Neither A and B

4. True or False? A UTVs stopping distance increases with speed and weight of a towed load.

- A) True
- B) False

5. Adding attachments on a UTV can effect which of the following?

- A) the controls
- B) the performance
- C) reliability
- D) all of the above

6. A passenger in a UTV:

- A) must ride in the cargo box to evenly distribute the center of gravity
- B) can stand on the UTV while it's moving, if they use the handholds
- C) can exit the UTV while coming to a rolling the stop
- D) must wear the seat belt, keep head, arms, and legs within the cab

7. True or False? The center of gravity of a UTV will lower and move towards the front axle if a load is added to the cargo bed.

- A) True
- B) False

8. An off-road hazard to considered when operating an UTV is?

- A) riding through water
- B) overhead obstructions
- C) poor ground conditions
- D) all of the above

9. “Standard” UTV controls include:

- A) Joystick controls for steering, accelerator pedal and brake pedal
- B) Steering wheel, hand controls for accelerating and braking
- C) Steering wheel, accelerator pedal and brake pedal
- D) Joystick controls for all movement functions

10. True or False? A UTV is more prone than a truck to roll or flip if driven too fast or steered abruptly.

- A) True
- B) False

11. Under CFAES guidelines, in order to travel on the road, a UTV must have:

- A) SMV emblem and proper working lighting
- B) License plates and university logos
- C) Reflective tape and yellow beacon on the roof
- D) License plate and road tires

12. True or False? When operating a UTV on a university campus or research farm, operators must yield to the right of way to pedestrians at all times.

- A) True
- B) False
